statement made by the Jugo-Slav press bureau. In this the high moral tone which had heretofore been adopted, was abandoned and in its place we find an imperialism. place we find an imperalism that NO MILK FAMINE AUTO FATALITIES We find from this statement that the Jugo-Slave are even claiming Trieste. derly demobilization destroyed. Furthermore, it will mean that many young men of high character will, through a miganderstanding of the situation and through the contagion of the description of others, described and a confection of others, described apprehended, and as compelled, instead of returning to their homes, to cookery through the preparation by the pupils of hot dishes for their midday lunch. The experiment has section is effectively and vigorously the pupils of hot dishes for their midday lunch. The experiment has associates.

Jugo-Slavs are even claiming Trieste, although the press burean admits that it is predominently Italian. We find also that they are threatening to fight for it, if necessary. This threat is of course, indicrous, unless, as contested.

A.W. Mitchell Assures Public That Supply Will Be plentiful.

City in 6 Months.

other schools with the oil stoves used in the undertaking.

The report that under government operation of the telephone lines the local exchange had been donied the privilege of sending out general alarms for fires proves to be unfounded, the operators having received no notice of such restriction. As the exchanges are no longer permitted to give information as to the time of day, thereby cutting off what was a real public convenience, the running of the curtailment of the fire alarm usage seemed quite plausible.

The cold which prostrated First Selectman W. C. Sanford several weeks.

It has stirred up an excessive national tails. While public on alistic spirit in Italy. While public on certain public on certain political aspects of the Dalmatian question, now we find not only public company today, in announcing that beginning tomorrow the Mitchell sare beginning tomorrow the Mitchell surpay will put in force a reduction of an extension of the very minimum basis for a settlement of the Adviatic question. This strong mitimalistic tendency which has also reached the government united. This strong mitimalistic tendency and the price of the curtailment of the fire alarm usage seemed quite plausible.
